

Building India's Infrastructure with Precision, Power & Reliability

Delivering complete civil and electrical engineering solutions for government, industrial, commercial, and enterprise projects across 22 states of India.

Saraswati Infrastructure is a full-service engineering partner delivering *high-scale civil and electrical execution* for industrial, commercial and government projects across India.

Work with us →

Execution Scale Backed by Proven Infrastructure Delivery

States Covered

22+

Pan-India delivery capability across industrial corridors, urban infrastructure hubs, and multi-state government-linked execution zones.

Major Projects Delivered

100+

Delivered across warehouse electrification, rail infrastructure, cinema systems, telecom fiber, solar deployment, and civil development programs.

Serving enterprise and public-sector clients through end-to-end engineering scope: planning, installation, safety systems, testing, and commissioning.

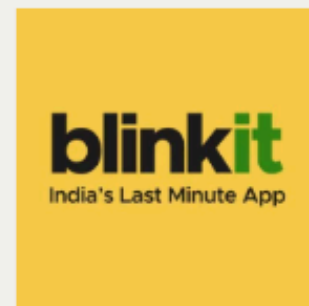

Enterprise / Govt Clients

10+

/ PARTNERS

Trusted By India's Leading Organizations

Engineering Services We Offer

Complete Electrification

Industrial and commercial wiring management with end-to-end installation.

Civil Development

Warehouse civil development, structural works, flooring and earthwork projects.

Earthing Systems

Safe grounding systems engineered for reliability and regulatory compliance.

Electrical Backup

UPS, inverter and DG backup systems for critical infrastructure continuity.

Fire & Smoke Systems

Fire alarm and smoke detection networks across industrial and commercial sites.

Server Room Setup

Infrastructure setup for server rooms with secure electrical and support systems.

Signal & Underground Cabling

Signal cable laying and underground wiring for long-life utility performance.

Testing & Commissioning

Complete electrical testing and commissioning for safe operational handover.

Engineering Services We Offer

HDD Pipeline Solutions

HDD pipeline laying for gas and utility infrastructure corridors.

Fiber Ducting & Cabling

Fiber ducting and telecom connectivity infrastructure across project sites.

Solar Installation

Solar structure, module and inverter setup for enterprise power programs.

Fabrication & Utility Works

Aluminium section, fabrication, plumbing and allied infrastructure works.

/ PROJECTS

Major Projects Delivered

Major execution programs delivered across enterprise, government and industrial infrastructure environments.

Tata Industrial Projects

Packaging machine integration, warehouse lighting, backup systems, and industrial safety infrastructure.

Cinema Infrastructure Projects

Electrical integration for recliners, screen-sound systems, fire safety, and food-court infra.

Blinkit Warehouses

Warehouse lighting, cold storage, civil flooring works, and integrated utility systems.

Indian Railways

Platform electrification, quarter electrification, signal cabling, OHE support, and safety systems.

Adani Solar

Solar piling, structure setup, module installation, inverter integration, and cabling works.

Gas / Telecom Infrastructure

HDD pipeline laying, fiber projects, underground utilities, and commissioning execution.

/ ASSETS

Advanced Machinery & Equipment

Modern industrial-grade machinery deployed for safe, precise, and efficient project execution across civil and electrical infrastructure sites.

HDD Machines

Horizontal directional drilling machines for underground utility execution.

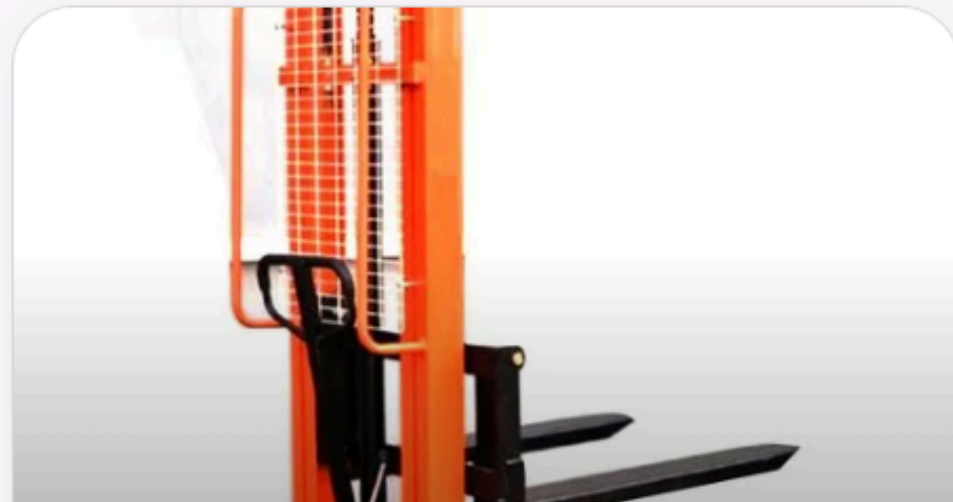

Tractors

Reliable tractor units supporting site mobilization and civil execution.

Flory / Transport Vehicles

Transport vehicles for material movement and multi-site logistics.

Lifting Equipment

Industrial lifting equipment for high-load operations and safe deployment.

Tools & Tackles

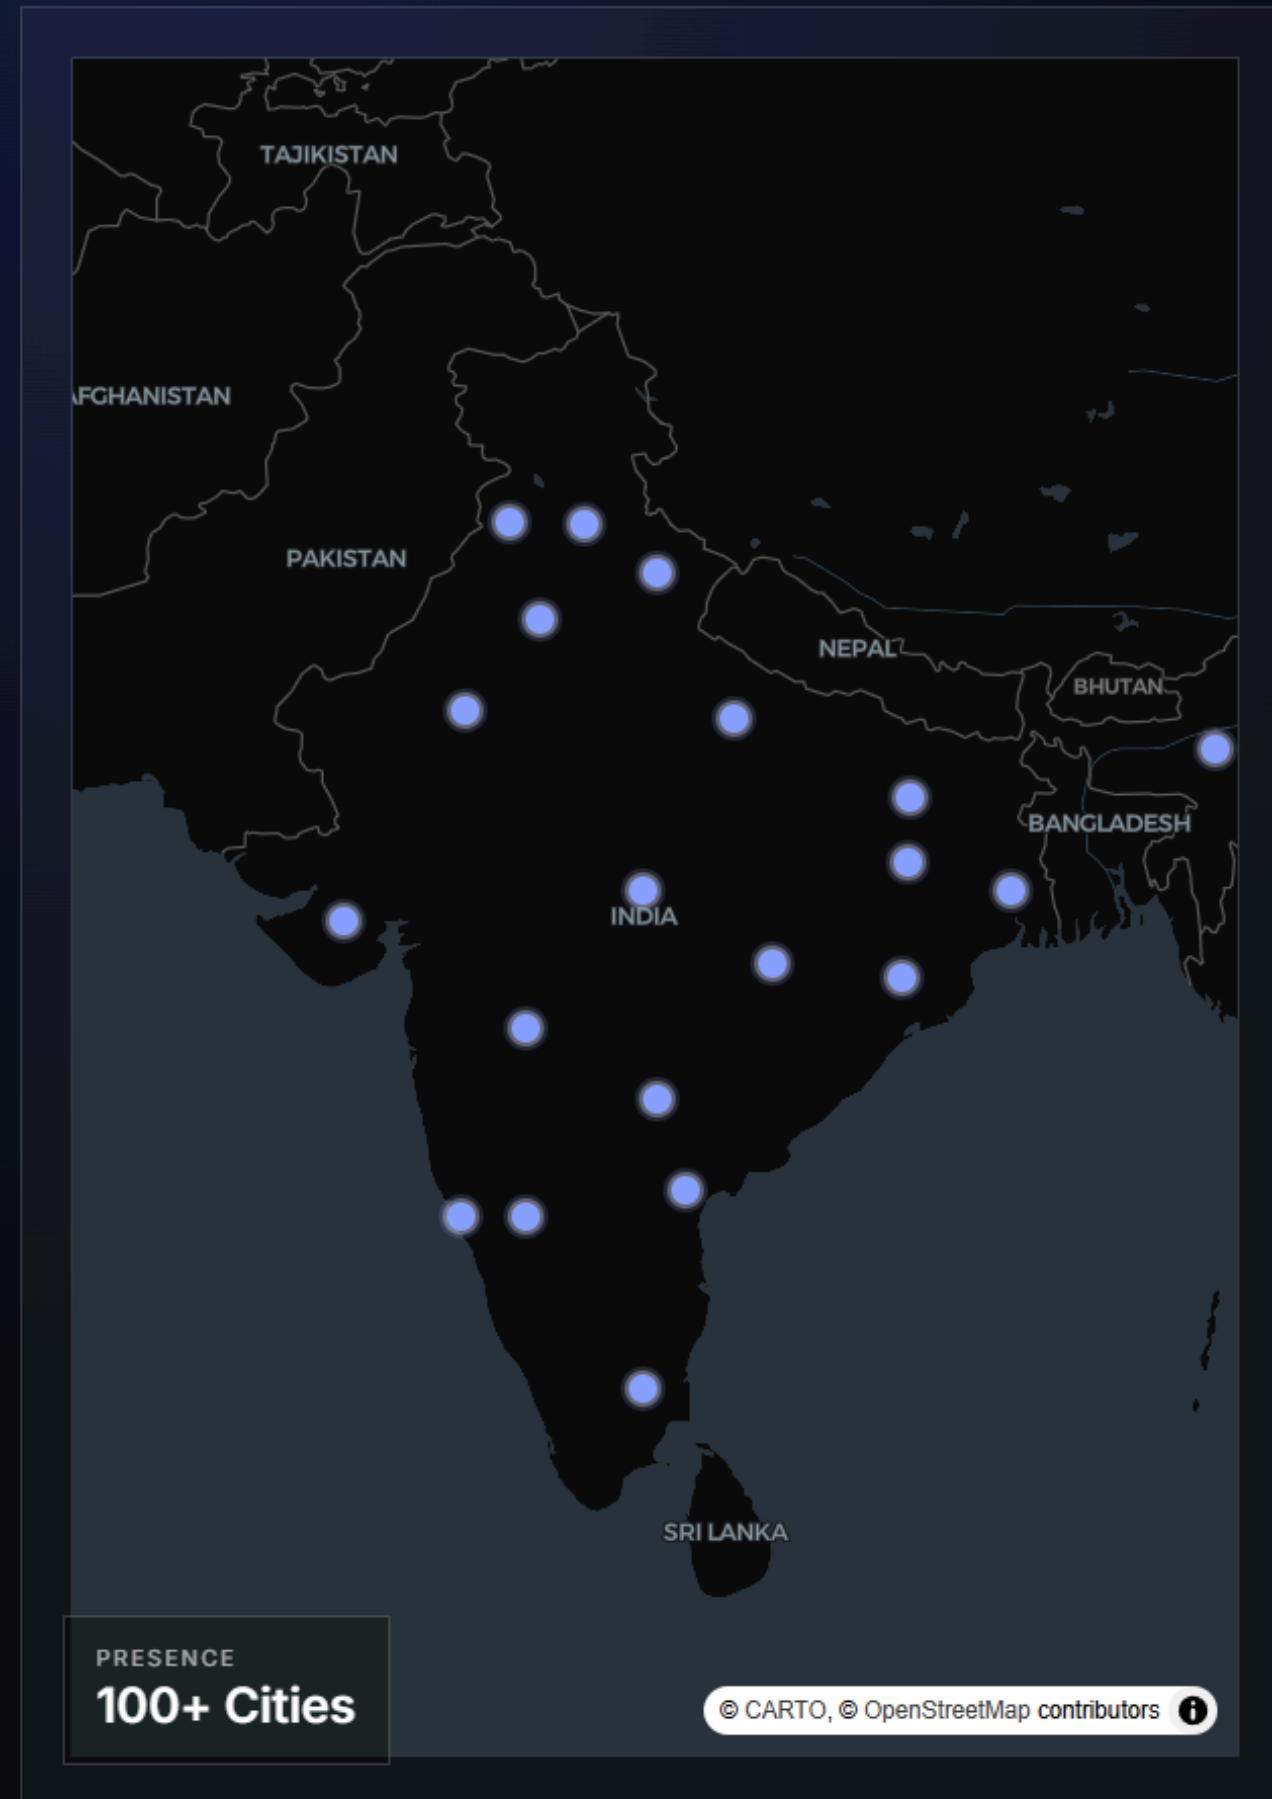

Industrial-grade tools and tackles for on-site engineering operations.

Safety Harness Equipment

Safety harness systems and secure equipment for compliant field execution.

Pan India Operations

OPERATING STATES

Andhra Pradesh

Arunachal Pradesh

Assam

Bihar

Chhattisgarh

Goa

Gujarat

Haryana

Himachal Pradesh

Jharkhand

Karnataka

Madhya Pradesh

Maharashtra

Odisha

Punjab

Rajasthan

Tamil Nadu

Telangana

Uttar Pradesh

Uttarakhand

West Bengal

States Covered

22+

Operating Cities

Our Principles in Action

We execute complex infrastructure programs with reliability, transparent delivery management, and measurable on-ground outcomes.

Safety & Compliance

Every site is delivered with safety-led planning, compliant execution standards, and rigorous quality controls.

Quality & Excellence

From wiring and utility systems to civil structures, every package is executed with precision and engineering discipline.

Reliability & Delivery

We deliver integrated electrical and civil projects on schedule for enterprise, government, and industrial stakeholders.
